Rates:

Transporter and Shipper hereby agree that the following charges shall apply to this Hub Service Transaction. Transportation Commodity Charges apply to MMBtu transported. Storage Commodity Charges apply to the sum of the absolute value of positive or negative storage daily balances for storage services hereunder, expressed in MMBtu.

- Transporter's Maximum Rates as stated in its General Terms and Conditions
- Standard Discounted Rate applied to all units:
 - Transportation Commodity Charge: \$0.0000000 per MMBtu
 - Storage Commodity Charge* \$0.0000000 per MMBtu/d
 - * applies to the positive or negative daily storage balance
- Discounted Rates set forth on the attached Discount Appendix for all services meeting stated conditions

Any discounted rate provided hereunder shall be, at all times, between the minimum and maximum rates applicable to the service provided under this Agreement and shall be adjusted, as necessary, to comply with this condition. If any rate component herein which was equal to or within such minimum and maximum rates at the time this form is executed subsequently exceeds the applicable maximum rate or is below the applicable minimum rate due to a change in Transporter's maximum rates and/or minimum rates, so that such rate component must be adjusted upward or downward to equal the new applicable maximum or minimum rate, then other rate components for the same service or different services may be adjusted upward or downward to achieve the agreed upon overall Charge, so long as none of the resulting rate components exceed the maximum rate or are below the minimum rate applicable to the rate component. Such changes to rate components shall be applied prospectively, commencing on the date Transporter files revised tariff sheets with the Federal Energy Regulatory Commission. However, nothing contained herein shall be construed to alter a refund obligation under applicable law.

Any discounted rate provided hereunder shall apply to Transportation, Injection, and Withdrawal Volumes, and to storage balances resulting from those Volumes, only during, and for, the specific periods set forth herein. If Shipper nominates and Transporter provides service for Transportation, Injection and Withdrawal Volumes occurring during other periods, whether such services include transportation, injection, withdrawal or storage of Volumes, such Volumes and storage balances resulting from those Volumes will be charged Transporter's maximum rates applicable to the service provided, or such other rates agreed to by Shipper and Transporter, and Transporter may rebill prior bills under this Agreement in order to collect the appropriate charges.

Fuel Charge:

- Shipper agrees to pay 0.44% for each MMBtu injected; such payment in kind and nominated along with each daily injection.
- Shipper agrees to pay the monetary equivalent of 0.44% for each MMBtu injected times the price reported in Platt's *Gas Daily* as the midpoint index price for Chicago City Gates, \$0.000, on the publication date, date, on which the parties agree to this transaction. The resultant charge is: \$0.000 per MMBtu injected.

Shipper shall be responsible for establishing any exemption from Hub Taxes and reimbursing Transporter for any amount(s) pursuant to Sections 10.4 and 10.5 of Transporter's General Terms and Conditions.

The provisions of Nicor Gas' Operating Statement of Nicor Gas Company under 18 C.F.R. Section 284.224 are specifically incorporated herein by reference and made a part hereof.
